

This instructor-led training helps consulting and technology leaders improve intercultural communication by understanding how cultural differences shape behavior, interpretation, and trust in global environments.

#### Who it's for:

- Consulting Partners & Engagement Leaders
- Client-Facing Executives
- Global Technology Teams
- Strategy & Transformation Leaders
- Leadership Development Programs

#### Participants will learn how to:

- Interpret cross-cultural differences in communication and behavior
- Improve clarity in global client and stakeholder interactions
- Reduce miscommunication in high-stakes conversations
- Strengthen trust and executive presence across cultures
- Improve collaboration in global teams and distributed environments

#### What's included:

- Live or online instructor-led session(s)
- Interactive, scenario-based learning
- Real-world business examples
- Optional customization for teams or organizations
- Virtual delivery for global accessibility

Developed by Humintell, a world-renowned behavioral science and training organization founded in 2009 by Dr. David Matsumoto. Programs are grounded in decades of research in nonverbal behavior and used by professionals across government, intelligence, Fortune 500 organizations, consulting, and global leadership environments.
